Free Car Seat Check-Up Event

Road injuries are the leading cause of preventable deaths and injuries to children in the United States, and more than half of car seats are not used or installed correctly. The best way to keep your child safe in the car is to use the right car seat in the right way.

Come get your car seat professionally checked by a nationally certified Child Passenger Safety Technician (CPST) on Thursday, July 6th from 3 – 6 p.m. at Morrie's Tomah at 1200 N Superior Ave, Tomah. This event is open to the public with no appointment needed.

Correctly used child safety seats can reduce the risk of death by as much as 71%. A certified CPST can help you select the right seat, ensure a proper harness fit, install your car seat correctly, and know when to move to the next seat.

Free car seat safety checks are offered April through September from 3 – 6 p.m. at rotating Morrie's Auto Group locations on the following dates:

Morrie's Tomah (1200 North Superior Ave): July 6

Morrie's West Salem (990 West City Hwy 16): August 3

Morrie's Sparta (1015 S Black River St): September 7

Morrie's Onalaska (331 Theater Rd): July 20, August 17, and September 21

Car seat checks are always available at the Monroe County Health Department by appointment.
